BOYS, GIRLS FAIR CUPS ON DISPLAY

Gazette Will Give Beautiful Prizes for Best Corn, Pig and Sheep on Exhibit.

Three silver prize cups, gold-lined, and mounted on ebony stands, will be presented by the Janesville Daily Gazette to the winners of the upper tier contests of the Janesville fair exposition open to boys and girls. The largest cup, measuring 12 inches from the base to the top, will be given to the boy or girl receiving the highest merit in the 1920 contest of rock county boys and girls corn-club.

One of the three cups, measuring 10 inches from base to rim, will be given to the winner of the pig contest. The other cup, measuring 8 inches from base to rim, will be given to the winner of the sheep contest. The cups will be on display at the fair, and the winners will be announced on the 10th of the month.

The exhibition of live stock will last from Aug. 10 to 15. At the close of the period the cups will be awarded to the winners. Lettering on the cups is in block and script, the engraving being beautifully done. The cups will be on display at the fair, and the winners will be announced on the 10th of the month.

HARDING DECRIES APPEAL TO CLASSES

(Continued from Page 1.)

As fully to think of the Greek and the Italian, the Slav and the Magyar, and making any of them relatively American when the land of adoption sits in judgment on the land from which they came.

Senator C. S. From Wisconsin, Governor Coolidge spoke the other day of the rescue of America from the clutches of the world. We also need to be rescued from the visionary and fruitless pursuit of peace through appeasement. I do not want to see the American people, who have made their party alignments on what we mean to do for some nation of the world, because of what we mean to do for the United States of America.

Some Appeal to Class

"There is another thought relating to the appeal to class. It is the thought that the democratic party means especially to appeal to the farmers and the wage-earners, and let America forget the failure of the world experiment. There is only one other menace threatening to our freedom. That menace is the appeal to class in determining what our government is to be. I would hold myself unworthy of your confidence if I speak an appeal to either farmers or wage-earners because of their larger numbers. We wish the confidence of all."

Want Free America

"We want a free America again. We want America free at home and free in the world. We want to stand up for the cause of nation against nation, class against class, and stifle the party appeal to class so that we may have tranquility in our freedom. If I could choose but one, I had rather have industrial and social peace at home than command the international peace of all the world."

Congress Has War Decision

"Some one has pointed out that the world-war might have been avoided if our country had not declared war. I emphatically agree that no authority other than congress may call our boys to battle. Accepting this truth, why make a covenant which violates the good faith of nations?"

Thus for Home Loyal People

"Once more Judge Taggart, I want to revert to your reference to your community as a community of homes. Such is the ideal community. A home owning people might well be the great goal of the republic. The big thing in our land is the offering of opportunity and the republican party means to maintain a government and make secure conditions which will guarantee a fair chance to every citizen and bid him to the fulfillment of a written obligation."

It is impossible to definitely fix our course about the usual conditions in the wake of war. The world has to steady down. We have been talking about getting back to normal. That doesn't mean the old order, that doesn't mean looking backward. It is the short and easy way of saying, 'again to stability,' once more to regularity."

National Advancement Here

"We republicans hold that the inherited plans of constitutional, representative government, with the inspirations of nationality and a fair chance for every man, have enabled men to write the supreme story of human and national advancement in all the world, and we mean to hold the inheritance secure and go confidently on to greater and grander achievement."

INDIANAPOLIS WOMAN STARTS G. O. P. WORK

Chicago, Aug. 4.—Miss Adah Ellsworth Bush, Indianapolis, Ind., has arrived to take charge of the republican campaign throughout the country as regards women's activities. She was introduced at republican headquarters here by Mrs. Frank Taylor, Warren, Ohio, vice chairman of the executive committee of the republican national committee here.

MADISON BARBER WAS MURDERED, BELIEF

Madison, Aug. 4.—Herman Singer, widely known barber of the university district, was found lying on the bottom of a stone quarry near Madison, was murdered, death resulting from hemorrhage of the brain caused from blows behind the ears, inflicted with a blunt instrument, according to the findings of physicians who conducted a post mortem over the body. As a result of the findings an inquest has been called for Wednesday afternoon.

RESTAURANTS SHOW VAST IMPROVEMENT

Reports of Dr. L. J. Woodworth, city sanitary inspector, for Aug. 3, summarize the inspection of 34 eating places, seven of which are said to be in good, or fairly good condition. Two eating houses show a marked improvement since the first visit of the inspector. In the five other restaurants and stores where meals are served, deficiencies caused them to fall below standard, such as uncovered sugar bowls, dirty screens, unscreened pasty, kitchen floors that need scrubbing, and piles of empty milk bottles. One cafe had an ice box that needed a thorough cleaning.

One candy store had a dirty mixer, and allowed the ice cream cones to remain uncovered. One store had a rubber towel under a dirty back room, and one had an unconnected sewer, the water from the hydrant running out on the ground and across the walk.

Depots Pass Inspection

Sewerage was found in the cellar of one house, and the owner of the property immediately called in the plumber to correct this condition. The conditions of the Chicago & Northwestern depot was found to be very good, and the lunchroom of the Chicago, Milwaukee & St. Paul depot was reported by the inspector as being good, also. One of the local bakeries visited Tuesday was considered as being in good condition, and a meat market inspected was up to the standard.

Harding Is to Speak at Iowa State Fair in August

Des Moines, Ia., Aug. 4.—Plans practically have been completed for an address by Senator Warren G. Harding here August 30, at the Iowa state fair. It has been announced that that date will be farm bureau day.

GAS HEATING UNIT WILL BE LOWERED TO SAVE MATERIALS

St. G. Cunningham, city attorney, representing Janesville, appeared with the representatives of about 15 other Wisconsin cities before the railroad commission at Madison yesterday for the final hearing on the reduction of the gas standard.

The gas companies on July 16 made an appeal to the commission to be permitted to reduce the standard units in 1,000 cubic feet of gas from 600 to 520. This reduction, the gas companies claimed, would result in the conservation of much coal and the reduction of the cost of gas to the consumer, and that further more the reduction of the b. t. u. would not lessen the heating qualities of the gas. It was pointed out that the gas containing 520 b. t. u. is too rich, that heat and power units are wasted because they are produced faster than they can be used.

At this final hearing the city of Milwaukee immediately assented to the change. The other cities, unprepared to offer opinions, joined in employing a consulting engineer from Chicago, to investigate and make a report at yesterday's hearing.

Gifford in his report pointed out that the reduced standard would conserve coal and coal that with proper adjustments the consumer's appliances as much heat could be secured from a 500 b. t. u. standard as from a 600 b. t. u. standard with a relative decrease in cost. The commission is urged to provide for regulation of gas companies so appliances would be properly adjusted to render as efficient a service under the reduced standard as is now secured.

The gas companies assented to these recommendations. The formal

order of the commission will be issued in the next few days.

Voice of the People

Editor Gazette:

I have been deeply interested in the controversy between the taxpayers and the city who represents the taxpayers of the county in the expenditure of the one and one-half million dollars that is to be paid by the people for road construction. Edgerton is vitally interested in the proposed road improvement between this city and Janesville. Our interests are the same and the traffic between these two cities is simply immense. Hundreds of tons of merchandise are freighted into this city from Janesville each month by truck, and only a few seasons has it been possible for this work to be done. It comes with poor grace for a man who takes money from the taxpayers for a salary, to set back and answer, "Let the people howl." In talking with numerous business men here who patronize Janesville wholesale firms one gathers the idea that a feeling is growing up against Janesville for its lack of interest in this matter.

As the people are given permission to "howl" will say that the writer recently had occasion to drive over the road between Rock and Green counties. The part maintained by the county was a pleasure to ride over, well patrolled, all holes and ruts filled with screened gravel. The road was good, no dust flying, no rutting, no time. When you come to the Rock county stretch you had to slow down and pick your way around among the bumps, holes and ruts. No one seemed to be taking it. Another short stretch in south Janesville, that cost much money, is simply going to pieces for want of care. Another short stretch put in this spring on what is known as the "Meythaler hill" is, for the moment, said to be expended on it, the road

Editor Gazette:

Another short stretch put in this spring on what is known as the "Meythaler hill" is, for the moment, said to be expended on it, the road

either, make the route read 100, with plenty of "bottom" signs. Once each week a "bottom" sign is published in the road conditions throughout the southern part of the state and this report has read since last April, December via Four-Mile Bridge, Janesville—Edgerton—Madison.

Mr. Moore says the county bonds have not been sold as yet owing to the rate of interest. Will he or those whose duty it is to finance this road project tell the howling people what steps, if any, have been taken to dispose of these bonds other than to advertise them as being for sale over the counter of the county treasurer? Will conditions be any different next year or the next in regard to the money market? Will Mr. Moore tell the taxpayers how he gets the money to pay for the "new idea" he has invented, or about to invent, that will revolutionize the building of concrete roads? And also please, leave it to us how much the "thingamajig" will probably cost? Or, if he can not or will not give us this information, perhaps he will tell us farmers when he thinks it will rain—a subject that we who will be called upon to pay these bonds are vitally interested in.

Rich Milwaukee Woman Leaves Estate of \$420,000

Milwaukee, Aug. 4.—Mrs. J. J. Peit, who died recently left an estate valued at approximately \$420,000, which she left to her children and grandchildren. Included in the inventory is jewelry valued at more than \$75,000, liberty bonds and war savings stamps of nearly \$170,000. The remainder of the estate is made up of stocks and bonds and a \$50,000 homestead. Mrs. Peit was the wife of a prominent Milwaukee banker.

JAPS UNDERGROUND ROUTE IS LEARNED

Tacoma, Washington.—Definite location of the "underground system" on the Pacific coast by which thousands of Japanese are smuggled into the United States yearly, was announced here by Congressman Albert Johnson, chairman of the house subcommittee on immigration and naturalization which reassembled here today to investigate Japanese activities in the northwest.

Harding Advisory Board Will Sit in Chicago

Chicago, Aug. 4.—Republican national committee men, past and present, will sit in Chicago with senators and congressmen as an advisory board to help direct the campaign for Senator Warren G. Harding and Gov. Calvin Coolidge. It was announced at national headquarters Tuesday.

Coal Commission Has Started Report on Wages

Washington, Aug. 4.—The anthracite coal commission, appointed by President Wilson to adjust wage schedules in that industry, met here Tuesday and started at once on the preparation of its report. The commission has just concluded its hearings, which extended for a period of several weeks. The report will probably be ready for submission to President Wilson in 10 days or 2 weeks, it was said today.

"CRANK" KIDNAPER OF BABY, ARRESTED

Philadelphia, Aug. 4.—Federal authorities have announced that the man arrested at Egg Harbor, N. J., late yesterday in connection with the kidnapping of the infant son of George H. Coughlin, is the individual who wrote letters to the Coughlins, signing himself "The Crank," and succeeding in obtaining \$12,000 from the Coughlins. Other details were refused for the present.

Milwaukee—Thomas J. Kennan, aged 93, oldest practicing attorney in the city, and a member of the old Settlers' club, died at his home. He was born in Morrisstown, N. Y., Feb. 22, 1827. He was of Scotch ancestry. His family settled in this country more than 200 years ago. He came to Wisconsin in 1855.

Heart and Home Problems

Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: I am a small girl eighteen years of age, and am considered a good looking girl. I am alone. I have no one to tell me what to do. I go to my friends' homes and see their mothers make over their clothes and I feel left out, as if I had been one of the boys. I have a motherly friend who is a motherly girl and I love her. I have a motherly friend who is a motherly girl and I love her. I have a motherly friend who is a motherly girl and I love her.

Dear Mrs. Thompson: I am a girl sixteen years old. I am deeply in love with a man forty-four years old. He is married and has three children. But he has ceased to love his wife and says he is unhappy and wants to marry me.

The Diary of an Engaged Girl

LINDSEY IS DEVELOPING A SENSE OF HUMOR

And now the results of my eye-brow-pulling debut. I had several. In the first place (this morning when I walked into my office (sounds important, doesn't it?) I had with me several caricatures of my sweet young self as seen in the hands of the party specialists. They were screamingly funny. I'll say, and dear, under-stand me, I was just shaking my head when he saw them. Then he looked at my shorn but persistent eyebrows. "You certainly are just what we need here looking for for some time, Miss Lindsey," says he, breathlessly. "Any girl that can so cheerfully and cleverly turn herself into copy is worth a dollar a minute to us."

Sweetest words, these. Of course I beamed my joy of his appreciation of me and my pen back at him for we are on such good terms and have understood one another so well that I never feel that I have to bluff nor beat about the bush with him.

I sat down for a few minutes and read him with a description of my sensations in the beauty parlor, and he laughed till the tears ran down his cheeks.

"Now I know why some girls that we see on the street wear such expressions," said he. "It's agony, pure and simple, and to think that it's just a matter of a few minutes. Lord bless my soul, if this isn't the funniest ever!" And here he went off into gales of merriment again.

"To be frank, Miss Lindsey, you can get away with it, somehow or other, but then you can get away with so much, anyhow," was his comment.

After a few more kindly words on both sides, I skipped off to my own particular desk to turn out a couple of sketches of myself for the "Evening Leader."

Roger Warming came and looked over my shoulder as I was busy with my board, and I heard him snorting with amusement at what he found there.

You cannot imagine how invigorating and pleasing all this masculine appreciation is, for it means that I have "put it over," and with the more "difficult" sex, you see.

There's another reason for my being pleased about my work and its success, namely, that I am making a hit as a humorist! And don't you just know that that is something. Doesn't everyone just know how few women humorists there are in this world?

I do, for I have lived with them since my first moment upon earth.

We are a charming race, as a sex we are interesting, we are beautiful (some of us) at times, we are everything that is most desirable without a doubt; but the truth to tell we are sadly self-centered, the majority of us most of the time.

I tell you, it is for this reason that I desire above all else to be known as a humorist. Between you and me, I tell you, this is what I am going to work for, and if I work for it, I feel sure that I shall attain my desire in the end.

My fellow-workers here seem most interested in my career, and if their praise and encouragement can help me to climb the heights of fame, why said heights are mine for the asking! Sort of a comforting thought, this, eh, what?

(To be continued.)

Miss Nellie Walker, Boston, is walking from Boston to Phoenix, Ariz. The photo was taken when she had traveled about a thousand miles.

Appleton, N. H. Sheriff, New London, Nonpartisan league candidate for congress from the eighth district, has threatened to arrest members of a masked mob who dragged him from the speaker's stand when he was delivering an address in his home city, and pulled him into an alley. He was released when spectators went to his rescue.

What Smart Women Wear

By ALICE BRADY

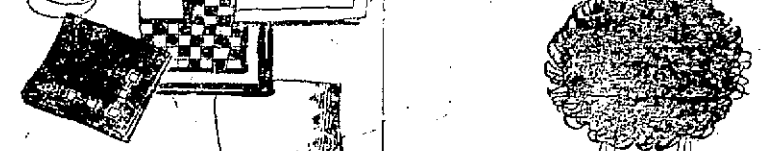

Novelty Handkerchiefs—Futurism in Artificial Flowers—The New French Corsets.

Every week discovers some fresh, lippy-turvy condition of clothes. Cake now must be substituted for bread what was said. The latest fashion of this is the pocket handkerchief. It is almost impossible to find in New York City a plain white handkerchief of even reason-

able quality for less than seventy-five cents. The quality that we used to get for fifty and even thirty-five cents now costs a dollar.

The first sketch shows some of the new pocket handkerchiefs, mostly imported. There are handkerchiefs of colored blue, in rose, and green, with small white squares in the corner; extra small size handkerchiefs—also of colored linens with rolled edges. Handkerchiefs in with centers of white and colored borders in checkered and striped patterns.

I was led into buying a hat, last week, through first buying a wonderful artificial flower. I saw it lying on the counter, a cabbage rose, large and luscious, gay and futuristic, of white linen deliciously dappled in

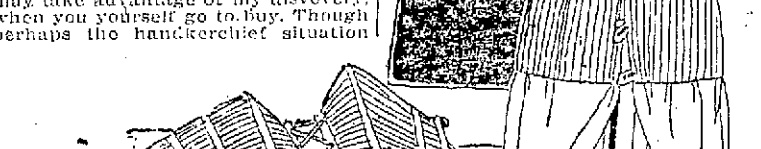

The latest "novelty" handkerchiefs, of colored linens with white borders, or of white with colored borders, the colors being everything from green and brown to rose and blue.

But for some reason or other better quality of linens has been preserved in what would be termed "fancy" or "novelty" handkerchiefs, and yet their price remains about the same as it was before. So that when I came to fit myself out with a fresh dozen the other day I chose half of them "fancy" (despite their price one must have some plain ones) in order to get value for my money.

And I am telling you this that you may take advantage of my discovery when you yourself go to buy. Though perhaps the handkerchief situation

Two new corsets from Paris. One of bonelless, heavy silk tricot, that buttons up the back, and has a crepe de chine petticoat attached to encase the front and side elastic. And the other for evening, also of silk tricot, but boned, and having the back cut down to give free play to a deep decollete.

Canned Sweet Potatoes, Sautéed Nuts.
Cabbage and Celery Salad, Coffee.
Orange Pudding.

SUMMER VEGETABLES.
Okra—Take one pint of young, tender okra. Put the pods whole in a granite saucpan of boiling salted water. Boil until tender. Drain

and while hot pour melted butter, pepper and salt over it, and vinegar if liked.
Stuffed Egg Plant—Cook turnip greens until tender, then chop them very fine. To each cup of greens add two eggs, two snowflake crackers rolled fine, half a cup of grated parmesan cheese, pepper and salt to taste, and parboil two eggplants, and when tender cut in half and scoop out the pulp. Fill the hulls with the above mixture, place them in a pan and bake in a moderate oven thirty minutes.

Southern Sliced Sweet Potatoes—Cover the bottom of a baking dish with sliced of boiled sweet potatoes, and brown sugar. Put in another layer and season with salt and pepper. Pour over it one-half cup water and a pinch of cloves and set in oven twenty or thirty minutes.

DISCOVERIES
Try cleaning enameled ware with common salt instead of soap; it will keep it smooth and white. It is also the best thing for removing stains from china.

Wind Your softest clothesline around the lower end of a washboard scrub, rinse and set out in the sun to dry.

Equal parts of creosote of tartar and common salt will remove rust stains. Wet the spot and spread the mixture on thickly; place material in the sun. Before dusting your electric fixtures turn on the lights and the elements will not break if jarred.

To remove grease from wall paper rub spot with powdered chalk and allow it to remain about half an hour, rubbing it off with soft brush or cloth. Several treatments of this will remove the spots entirely.

Wash crease rugs or matting that has become dingy with salt and water and rub dry quickly with a cloth. It will clear and brighten the colors.

Mix powdered ochre with cornstarch to the required shade and tint your white face. It will do the work better than bath in liquid dye. You take away something of the new appearance of lace when you wet it. The ochre may be used clear if a deeper yellow is desired. Rub well and shake thoroughly and it will not rub off afterward.

Dumont Out of Game Two Weeks Because of Bad Arm

By George McManus.

LATHROP PICKED TO PITCH TODAY AGAINST QUAKERS

George Dumont, Samson speed king, will not be able to play ball for two weeks, according to a statement made by Manager Perring today. A bad right arm is given as the reason. Bill Lathrop will do the twirling for the Samnies today against the Quakers, leaders of the Central state league, at the field day program at White-water.

What Perring will do to augment his pitching staff in the meantime is a question that is giving him considerable worry. He was not informed of Dumont's condition until in the afternoon, so that he has not had much time to take any action on the proposition. Slim Walsh and Jack Wooten are available from the previous season. Dumont was advised yesterday afternoon by Dr. Emil Schaefer to lay off the game and give his arm a rest. The trouble, according to the doctor, is that the tendon in the elbow is strained.

ARMY OFFICERS TRAIN U. S. OLYMPIC MEN

On board the U. S. Transport Princess Matoka, Aug. 4.—United States army officers, on board the Princess Matoka, which is taking the American stars to the Olympic games at Antwerp, are training the members of the American team for the parade of nations on the opening day of the games. The first drill was held on Monday and daily drills on decks will be held. The men have already been classed according to height, weight, and place in the line of march, and the result shows that the first twenty-four men in line will be 6 feet 4 and more.

JUNO BESTS FIELD IN NEWS-BEE PAGE

Toledo, Aug. 4.—Juno, the favorite easily outclassed the field in the news-bee race of the second day of the Toledo race track. The Port Miami race track, which is the first time since the "news-bee" race, was won by Juno, who finished the race in 1:20. Juno, who is owned by Peter Look, stuck to the lead in front as they reached wire and won.

As You Were

By BUCK.
OF THE STARS AND STRIPES A. E. F.
THE SAILOR'S LIFE FOR ME

Said the Admiral to the General.
"Won't you step aboard my yacht?
There's a ship close by
And I'm feeling dry."
Let's see what her steward's got."

So they did.

They had things that sparkled,
Things that trickled
Down the palates
That they tickled.
Cooling things, piquant and fizzy
Which, when swallowed make one dizzy.

Said the General to the Admiral.
"Won't you return my call?
Though I must admit
My navy life
Is dry, and very small."

So he did.

They had milk and vichy
Sarsaparilla
And some extract
Of things that tickled.
Things that make both you and me sick—
The poor old Admiral got sea-sick!

And he heard him snort
And he felt the port.
And his words were not forgot.
"Now or never," says he,
I'll stick to the sea.
For at least, the ocean's wet."

It's a pretty safe bet, says ex-Sergt. SOL, that these vets who are scuffling on wheel-chair strikers at Atlantic City were dogrobbers in the army. Or else they wished they were.

Now that Sir Thomas Lipton has gone home the country will try to recover from the terrible nervous strain it has been under following the race. By the way, who did get the cup, after all?

From the Allies reception at Washington, it may be that some of them have figured out a new explanation of where the Pole-cat got his name.

Judging from the conduct of the Belgians, it is probable that the Czechs' browbeaten herds it looks as if pacifism depended on how much is being passed. Next time we'll have to be careful to split the indemnity with the Conscientious Objectors.

PERHAPS
It may be just a homing dove.
Or just a leaf whose life is through.
Or just a blinking star, but Love,
It sends a message straight from you!

ROBINSON ENTERED IN U. S. GOLF MEET

New York, Aug. 4.—The entry list for the United States Golf association open championship tournament to be held at the Inverness club, Toledo, O., Aug. 10 to 13, issues on Tuesday night by W. J. Vandenberg, secretary, probably the largest in the history of the national association. More than two hundred names are entered.

The first player will drive off at 8:30 a. m. and thereafter players will follow the first tee at five minute intervals, the last two going at 4:40 p. m. One of the remarkable features of this year's list is the fact that few amateurs have entered, most of the contestants being professionals. The British golfers, Harry Vardon and Ted Ray, will compete. Vardon is matched with Bobby Jones and Ray with Jack Chick. Evans of Chicago, former champion of the world, and Francisco Quiroga of Boston, both former open champions, are entered.

Vardon is a professional and Ray is a professional. Vardon will play with Thomas Armour, British amateur and Jim Baggies, the western title holder, with Jack Dowling of New York.

Robinson will play.

Harry Robinson, professional, will take part in the Toledo tournament after competing in the Western open golf meet now on at Chicago.

SKAT LEAGUE MEET AUG. 14; \$2,500 PRIZE

The summer meet of the Wisconsin skat league will be held in Milwaukee August 14 and 15.

The officers and directors will meet August 14 for the purpose of receiving the semi-annual reports of its officers and to take up such other business as may be brought before them.

A pre-state tournament has been arranged for the early arrivals to be held at the Casino club August 14. Through the courtesy of the Casino club, the house will be open for the skat fraternity and all visitors are welcome.

Hold at Auditorium.

The big event will take place August 15 at the auditorium and will be in charge of the following committee: Harry West, president, chairman, assisted by Pres. R. W. Zimmermann, Burlington, Sec. Oscar E. Schwenner, Milwaukee, and Directors Dreyfus, Hall and Goethel.

The tournament will be opened by President H. E. Zimmermann, followed by an address of Gov. E. L. Phillips, after which Robert Schiller, president of the North American skat league, will take official charge as head of the tournament.

The second session of the tournament will be held at 6:30 p. m. in sections of 100 players.

The sum of \$2,500 has been appropriated for the event. The entry fee will be \$2.50.

SUGGESTS ONE BEACH OPERATED BY CITY

One municipal bathing beach for Janesville instead of two at present is advocated by C. H. Linden, supervisor of playgrounds in a statement made today.

"If the city officials would concentrate their efforts on one beach, better facilities could be provided for the bathers of the city. A larger and finer beach could be made, and it would be a good idea also if the city could provide bathing suits at a nominal rental."

Fifteen girls took their first swimming lesson at Cedar Island yesterday under Mr. Linden's instruction. The beach stroke was demonstrated. Today the boys are being given their second instruction.

The girls who were in the water yesterday were:

Dorothy Buss, 11; Louise Larson, 12; Gladys Robbins, 11; Vivian Lovas, 11; Jessie McFarlane, 10; Ella Lamb, 12; Alice Schultz, 12; Ireta Buss, 9; Margaret O'Gara, 10; Katherine Kaufman, 10; Alice O'Gara, 9; Regina Wall, 12.

PEEBLE GETS SCORE OF 74 AT CHICAGO

Chicago.—With nearly one hundred entries, a half dozen or so amateurs, the western open golf tournament which stars on Wednesday and extends through Thursday and Friday, is bringing forth some record breaking play.

A score or more of the entries spent Tuesday in trying out the course at the Olympic fields club, where the tournament will be staged and several good cards were turned in.

Tom Kennett, a local professional, made the score of 73 for eighteen holes, which ties the record for course No. 1. Kennett's score is considerably exceptional, good in view of the fact that the course has been lengthened considerably for the tournament and the previous record was made with shorter holes.

Brady of Detroit played a 76, and Fred McLeod of Chevy Chase, Md., made the same score. Bob Peeble of Beloit, Wis., had a 74 and Victor Nelson of Indianapolis, made eighteen holes in 75.

Harry Robins, Janesville country club, is paired today against Bert Meyering, South Bend.

American Boy Scouts Set Trek-Cart Record

London, Aug. 4.—A team of American boy scouts from Miami, Fla., Brady of Detroit played a 76, and Fred McLeod of Chevy Chase, Md., made the same score. Bob Peeble of Beloit, Wis., had a 74 and Victor Nelson of Indianapolis, made eighteen holes in 75.

BAR HAL CHASE FROM COAST FOR GAMBLING

San Francisco, Aug. 4.—Hal Chase, former Pacific coast and major league baseball player, was barred from all parks of the Pacific coast league following investigation of charges of gambling on the games.

OVER 200 ENTER BIG GOLF TOURNAMENT

New York, Aug. 4.—The entry list for the United States Golf association open championship tournament at Toledo, Ohio, August 10 to 13, is probably the largest in the association's history.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3½ and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric Anti-Skid Tread \$21.50
Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

Fred Carlson was a business caller in Fort Atkinson Saturday.

MUSIC LOVERS PAGE

Music Where-ever You Are

THREE REASONS--WHY HOLLAND PIANOS ARE A GOOD BUY

(1) EACH HOLLAND PIANO is their best Holland. They manufacture but one piano and each piano contains the best selected materials. There are no second or third grades.

(2) A HOLLAND PIANO IS INEXPENSIVE. All the machinery required to perfect their piano is run indirectly by water power. A great saving in the cost of manufacture.

(3) THE WORKMANSHIP in a Holland is not an acquisition of one generation, but a pedigree of skill, running through a long period, where sons have succeeded fathers in some particular branch of the art, and who, in a great part, have suggested improvements where such were possible.

We have the HOLLAND in both player and upright. SPECIAL BARGAIN THIS MONTH--MAHOGANY UPRIGHT \$390. Terms, \$39 down and \$15 per month.
